may enable you to sell extra books.

One is to give one thing away without spending a dime with your e book, similar to a precious bonus item. Or bundle several ebooks underneath one worth, which lowers the price for every ebook if they were sold separately.

An efficient technique for figuring out a value is to send out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion by way of price. Do that by making a gross sales page for the new e-book, however don't include a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with different prices on each page. Be certain that your sales copy is exactly the similar on every page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum worth is.

Ultimately, if you've written a e book that solves a drawback or presents a new method, your e book will herald each traffic and profits.
