An efficient approach for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the new e book, however do not include a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Ensure your sales copy is strictly the identical on every web page, and contains your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum price is.
