A printed guide is an object you can maintain in your hand, retailer on your bookshelf, even hand down to the following generation. It is priced on elements such as paper inventory, design and production costs, and marketing.

But the truth that unites ebooks and print books is that they're composed of ideas. It's the concepts in these books which have the ability to vary, or possibly transform, people's lives.

What do you suppose an concept is price when evaluated against the cost of paper and ink?

It is the IDEAS which are worthwhile! That is the way you decide the cost of your ebook.

What should I charge for my concepts?

There are all completely different formulas and strategies for determining the proper value on your ebook. Let's start with honing in on your ultimate goals.

Determine in case your goal is to get huge distribution and maximum exposure. This aim is aimed toward drawing prospects to your online business or service, or to establishing the credibility of your reputation. If that is your main aim, you should purpose to keep your value on the low side. Some authors have even priced their ebooks at a profit loss to attract a high variety of new customers. The hot button is to find a value that maximizes your income and the number of books you sell.

This is a superb pricing technique in case you are trying to acquire lengthy-term customers. Long-time period clients are extraordinarily doubtless to buy from you again and once more ? as long as the primary e book they buy is of exceptional high quality and useful to the customer.

Nonetheless, in case your ebook comprises useful ? and more importantly NEW data, references, or strategies ? then you should goal to cost it on the high end.

After you determine your aim, you have to work out what your audience's need is for your ebook. For instance, does your ebook remedy a particular problem? If it does, and solves it in a manner that hasn't been written about in one hundred different ebooks, you will be in a position to obtain excessive sales at a high price. In case your book solves an issue or answers questions in a brand new and distinctive manner, it's best to value your ebook as excessive as you'll be able to go. You will achieve larger profits this fashion, but bring in fewer customers. Just make sure the question or downside that your book solves is one which is vital and related to the vast majority of your market audience. Just be prepared for your competitors to undercut you on price as quickly as they hear about your book.

Remember the fact that the above pricing technique is temporary. Eventually, you'll cease to promote books at this high price. So work out upfront how long you plan to offer your ebook at this high worth, and when that time is up, change your pricing strategy.

If you want to see massive profits over buyer draw, goal for an viewers that's on the lookout for straightforward options to their problems at a low price. If your ebook is aimed toward fixing one specific downside reasonably than basic advice, then you'll be able to charge more. Begin at the highest value the market will bear to bring in the largest earnings, and plan to low cost the ebook a variety of occasions throughout the year.

If these customers have already purchased an ebook from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new guide, but don't include a price on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out prices by creating a variety of duplicate sales pages with completely different costs on every page. Be sure your sales copy is strictly the similar on every

page, and includes your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. It will tell you what your optimum value is.
