page. Instead, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out costs by making a number of duplicate sales pages with different costs on every page. Be certain that your sales copy is strictly the same on each page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This may let you know what your optimum price is.

In the end, should you've written a book that solves a problem or presents a brand new technique, your ebook will bring in both site visitors and profits.
