price. Do this by making a gross sales page for the new ebook, however do not embrace a value on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out prices by creating a variety of duplicate sales pages with completely different costs on each page. Be certain that your sales copy is strictly the similar on every page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum price is.

In the end, should you've written a e book that solves a downside or presents a brand new approach, your e book will herald each traffic and profits.
