An effective method for determining a worth is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion by way of price. Do that

by making a sales page for the brand new e-book, but do not embody a price on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out costs by making a number of duplicate gross sales pages with different costs on every page. Be sure that your gross sales copy is exactly the same on each page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between visitors to your site and sales of your book. It will let you know what your optimum price is.

Ultimately, in the event you've written a book that solves a drawback or presents a brand new technique, your guide will herald both traffic and profits. So you should definitely write that selling-handle sentence that sums up what problem your guide solves and what the benefits of your 3 ebook might be to the customers who buy it. And then watch your market come to you!
