An efficient method for figuring out a value is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the brand new ebook, however do not include a price on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with totally different costs on each page. Be sure that your sales copy is strictly the similar on each web page,

and includes your selling-handle sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. This can inform you what your optimum price is.

In the end, if you've written a book that solves a downside or presents a new method, your guide will usher in each traffic and profits.
