An effective method for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the brand new guide, however don't include a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with different costs on every page. Ensure that your gross sales copy is strictly the same on every page, and contains your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum price is.

Ultimately, in the event you've written a guide that solves a downside or presents a brand new technique, your guide will usher in both visitors and profits.
