of gross sales and promotional materials, and every time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are several other strategies that may enable you to sell more books.

One is to offer one thing away free of charge together with your book, resembling a worthwhile bonus item. Or bundle several ebooks under one value, which lowers the value for every e book if they have been offered separately.

An effective technique for figuring out a worth is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the new book, however do not embody a value on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to test out prices by making a variety of duplicate gross sales pages with completely different costs on each page. Make sure that your sales copy is precisely the identical on each page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This may let you know what your optimum price is.

Ultimately, when you've written a guide that solves a drawback or presents a brand new technique, your e book will bring in each site visitors and profits.
