One other technique is to test out costs by creating a variety of duplicate sales pages with completely different costs on each page. Be sure your gross sales copy is precisely the similar on

each page, and includes your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This can inform you what your optimum price is.

In the end, for those who've written a book that solves a downside or presents a new method, your book will herald each site visitors and profits.
