Another technique is to check out prices by creating a variety of duplicate gross sales pages with totally different costs on every page. Make certain your gross sales copy is strictly the identical on every page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between guests to your website and sales of your book. This can let you know what your optimum price is.

In the end, when you've written a book that solves a drawback or presents a new method, your e book will bring in each visitors and profits.
