An efficient technique for figuring out a value is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the brand new e book, however don't embody a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out costs by creating a number of duplicate gross sales pages with different costs on every page. Be sure that your sales copy is precisely the same on each web page,

and contains your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. It will let you know what your optimum worth is.

Ultimately, should you've written a book that solves a downside or presents a new method, your e book will usher in each site visitors and profits. So you'll want to write that promoting-handle sentence that sums up what downside your ebook solves and what the advantages of your 803 book will probably be to the customers who purchase it.
